REPORT OF HEALTH DEPARTMENT

The general health of the Town of Colebrook for the year 1941 has been very good.

There was an epidemic of measles and whooping-cough in the spring. Quite a few of the children had both diseases. Epidemics of measles and whooping cough frequently occur together or follow each other.

A few sporadic cases of chickenpox were reported throughout the year.

It is quite noticeable that pneumonia has been less prevalent here the past year.

There were a few complaints during the year in regard to sewerage disposal which will be taken care of soon.

Respectfully submitted,

M. DENNIS NORRIS, M. D.

The large overrun of the welfare appropriations was caused chiefly by the following three reasons:

3. We have on hand 75 cords of four foot wood charged to this department.

AUDITOR'S REPORT

This is to certify that we have audited the records of the Tax Collector for the current year, and find all taxes accounted for. We have checked the revenue received from the Town Clerk for motor vehicle permits and dog licences. The Selectmen's orders and receipts were checked with the vouchers and Treasurer's cash books were found correct. The Treasurer's balance in the Farmers and Traders National Bank was reconciled with the Selectmen's cash book balance and was found correct.
